The Town Clerk reported that the following board and commission filed with him minutes of their meetings as follows:

March 15, 1979

Councilman Metz for the Recreation Committee reported that the William L. Watson Pool Company will check out and pressure test the water lines at the Keysa Park Pool later this week and that a report of the testing will be forthcoming at the next Town Board meeting.

Councilman Bolender for the Senior Citizens reported that the Senior Citizens Director, on her own time, has been arranging at the request of groups of senior citizens, private non-municipally sponsored excursions at their own personal cost.

Councilman Bolender asked the Town Clerk to request from the Recreation Commission a determination as to whether such a practice is acceptable to them or whether it should be discouraged and discontinued in the future.

Councilman Barnhardt for Sewer District No. 4 reported that the sewer district maintenance crews have removed substantial amounts of tree roots from the sewers in the Meadow Lea/Donna Lea area.

He suggested that the Tree Planting Committee address themselves to the enactment of some legislation prohibiting the planting of trees whose root systems would interfere with public sewers.

Councilman Metz indicated that he has in the past reviewed some of these ordinances which in many cases do have merit. Councilman Metz indicated that all trees planted under the Tree Planting Program of the Town of Lancaster are shallow root trees that do not cause any damage or destruction to public sewers.

The Town Clerk reported that a great many trees in the Meadow Lea/Donna Lea Subdivision were planted prior to the establishment of the present Town of Lancaster Tree Planting Program which allows only the planting of shallow root trees.

Councilman Berent for the Police Committee reported that he will attend a meeting on County evaluation of the Emergency "911" service on April 25, 1979.
